

MARBURG ROTARY

Braille Printing Press

Time-saving mass-production of braille periodicals and books, this is the essential feature of the Rotary Printing Press. Up to 26,400 pages/h (approx. 6,600 sheets per hour) can be printed on the machine. The machine uses paper from a roll, simultaneously makes a middle fold in the sheet and cut it off after it has been printed.

Technical Data:

Character size: Large print dot spacing 2.7 mm
Medium print dot spacing 2.5 mm

Printing plate size DIN A 4 or
Large format 280 X 340 mm

Roll format: Width up to 560 mm
Diameter up to 780 mm

Shipping Weight: 770 kg

Article No.: 00-61000
